

PSea Concepts™

4-Port Ethernet Hub

PSea Connect™ MEH-4P

Patent Pending

The MEH-4P features 10BASE-T network ports (10Mbps). Plug and play with cables from you external devices. Up-link to additional devices with port 4. Housings are made with marine grade aluminum and powder coated inside and out for long life. The electronics inside are coated with a corrosion blocker to further ensure reliability.

Proudly Made in the USA with the finest materials available.
